

Corporate Compliance Plan

It is mandatory that Decatur County Hospital has a Corporate Compliance Plan that must be adhered to by all employees to assure compliance with all pertinent laws and regulations. We do boast a compliance committee consisting of Senior Management, Departmental Management and a Cooperate Compliance Officer. Phone numbers and e-mail addresses are available to the public on request. We do maintain an employee suggestion and solution box that is currently located in the west hall by the time clock. Employees are encouraged to use this. We also have a designated hotline to receive complaints from the public and employees. That number is 641-446-2216. All calls to the hotline and suggestions and solutions will maintain anonymity and confidentiality. Any "whistleblowers" will be protected from retaliation as stated in our Code of Conduct Policy.

Sincerely,
Jeanne Vogel
Medical Records Director/Compliance Officer
